CINQUECENTO No need for translation. With its storied history, FIAT® 500 (no matter how you say it) is so strongly tied to FIAT and Italy that they practically own the number. From its 1950s introduction as “the little mouse” through its various incarnations as the ultimate city car, Cinquecento distills down all that drivers and designers want in a car and life: joy.

A black and white photograph of a cobblestone street. In the foreground, the front right corner of a light-colored car is visible. Several people in suits are standing on the street, some looking towards the camera. The background is slightly blurred, showing more people and buildings. The overall mood is classic and sophisticated.

LOOKING BACK, GOING FORWARD

From day one, FIAT® 500 has packed more personality per square inch than anything on the road — cobblestone or other. It may not be listed anywhere on the sticker, but it's clear that irreverence has been built right in, year after year. So while the FIAT 500 has evolved in a technical sense, one thing has not budged — its approachable, independent spirit.

The FIAT® 500 design motto? Speak passionately and carry a big red pencil. Getting the essentials right and x-ing out the superfluous, our designers are dedicated to achieving true beauty through simplicity. 500 is proof positive.

FIAT® 500 Lounge in Espresso

FIAT® 500 Lounge (shown with Luxury Leather Package Marrone/Avorio)

Bi-Halogen

Bi-function halogen projector headlamps do double duty: they focus more light on the post-sundown objects in your path and they make you more visible to oncoming drivers, thanks to the lamps' "curve-around" styling. And, of course, their jewel-like appearance catches eyes wherever you go.

BRIGHT
and brilliant

FORWARD focus

BLUE&ME® Hands-Free Communication^{1*}

This standard feature enables drivers to make calls, play music, and drive without ever taking their hands off the steering wheel. Drivers can use steering wheel-mounted controls, voice commands, or a combination of both. Communicating is important. Listening to music is important. Not driving with your knees — much, much more important.

TomTom® Navigation System² The available TomTom² is an integrated driver navigation system that helps keep FIAT® 500 drivers from getting lost, while voice activation commands help to keep them safe. Working off of satellite technology, the TomTom² speaks several languages (and knows its way around, quite literally) helping to ensure drivers never lose their way. Safety is not just about watching where you're going, it's about knowing where you're going.

*A note about this brochure: All disclaimers and disclosures can be found on the inside back cover.

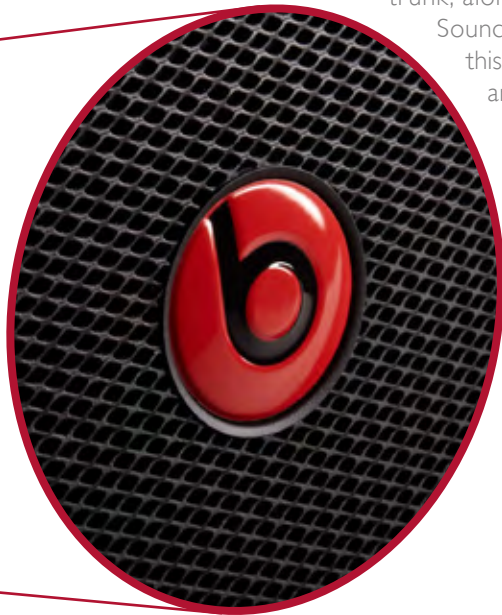

FIAT® 500c Lounge in Rosso

studio 500

IT'S ONLY FITTING THAT THE SOUNDTRACK OF EVERY FIAT® 500 JOURNEY SHOULD MATCH ITS LARGER-THAN-LIFE SPIRIT. We tapped famed producers Dr. Dre and Jimmy Iovine to help fill the 500's cabin with an acoustic experience that's second to none. This legendary partnership between producer and engineer created what is essentially a rolling Beats Audio™ product — the first one of its kind in its segment.

The Beats Audio system maximizes every square inch with studio-quality sound from six premium speakers: two 1-inch tweeters in the A-pillars, two 6.5-inch woofers located in the doors, and two 3.5-inch speakers in the rear quarter. An 8-inch Dual-Voice Coil (DVC) subwoofer is mounted in the trunk, along with an 8-channel 368-watt amplifier with Beats Audio Digital Sound Processing (DSP) algorithm. A FIAT 500 custom configuration like this means you get a vehicle sound experience that lets you feel every low and detect every high — the way the artist intended.

beatsaudio™

40
MPG
HWY*

FIAT® 500 REGARDS ITS FUEL AS FINE CHAMPAGNE MEANT TO BE SIPPED, NOT GULPED. ITS BIRD-LIKE APPETITE IS LESS ABOUT WILLPOWER THAN IT IS ABOUT MORE POWER — THANKS TO THE EFFICIENCY OF ITS AWARD-WINNING 1.4L 16V MULTIAIR® ENGINE. THIS EXCLUSIVE

FIAT TECHNOLOGY, A DECADE IN THE MAKING, UTILIZES ELECTROHYDRAULIC VALVES FOR MORE DYNAMIC AND DIRECT CONTROL OF AIR AND COMBUSTION. POWER IS IMPROVED UP TO 10 PERCENT, TORQUE GOES UP 15 PERCENT, AND FUEL EFFICIENCY HAS A 10 PERCENT ADVANTAGE OVER CONVENTIONAL NATURALLY ASPIRATED ENGINES. EMISSIONS, IN TURN, ARE CUT AN IMPRESSIVE 10 PERCENT. THE MULTIAIR ENGINE BOASTS 101 HORSEPOWER AT 6,500 RPM AND 98 LB-FT OF TORQUE AT 4,000 RPM.

So how does all that tech-speak translate to real life? Thanks to some targeted powertrain innovations, you can count on 31 mpg zipping around town and 40 mpg flying down the highway. And with the FIAT® 500 eco:Drive® application, you can train yourself to recognize and adopt driving skills that improve your driving efficiency. Plug a USB drive into the FIAT 500 USB port to automatically store your driving data and patterns. When that information is plugged back into your computer, the downloaded eco:Drive app analyzes your personal driving style, then suggests ways to improve your efficiency and cut emissions. Visit fiat.com/ecodrive/us/default.htm to download the eco:Drive program.

*Based on 2013 EPA estimated 31 city/40 highway mpg when equipped with manual transmission.

The result? 34 extra horsepower over the FIAT® 500 1.4L naturally aspirated MultiAir® engine.

Zippy happens when this turbocharger spins up to 230,000 rpm, converting exhaust heat and pressure to a rotational force.

THE ALL-NEW FIAT® 500 TURBO

FIAT® 500 Turbo in Argento

The result? 34 extra horsepower over the FIAT® 500 1.4L naturally aspirated MultiAir® engine.

Zippy happens when this turbocharger spins up to 230,000 rpm, converting exhaust heat and pressure to a rotational force.

THE ALL-NEW FIAT® 500 TURBO

We know that some of you would add a dash of hot sauce to anything you order, so we put some on the table. The all-new FIAT® 500 Turbo delivers that extra zing you've been craving — a new 135-horsepower 1.4L 16v MultiAir® turbocharged engine, along with a more aggressive stance, sport-tuned suspension, and race-inspired interior. The single turbocharger, twin intercoolers, and sport-tuned exhaust deliver 34 percent more power and 53 percent more torque (150 lb-ft) compared to the naturally aspirated FIAT 500 1.4L MultiAir engine.

Track-proven 5-speed transmission.

Designed to handle the increased power of the 1.4L 16v MultiAir® turbocharged engine.

Improved fuel efficiency, faster top speed, and improved fuel efficiency. This heavy-duty transmission comes standard on FIAT® 500.

This is a high-performance 5-speed manual transmission designed for quick acceleration, faster top speed, and improved fuel efficiency.

HIND. sight

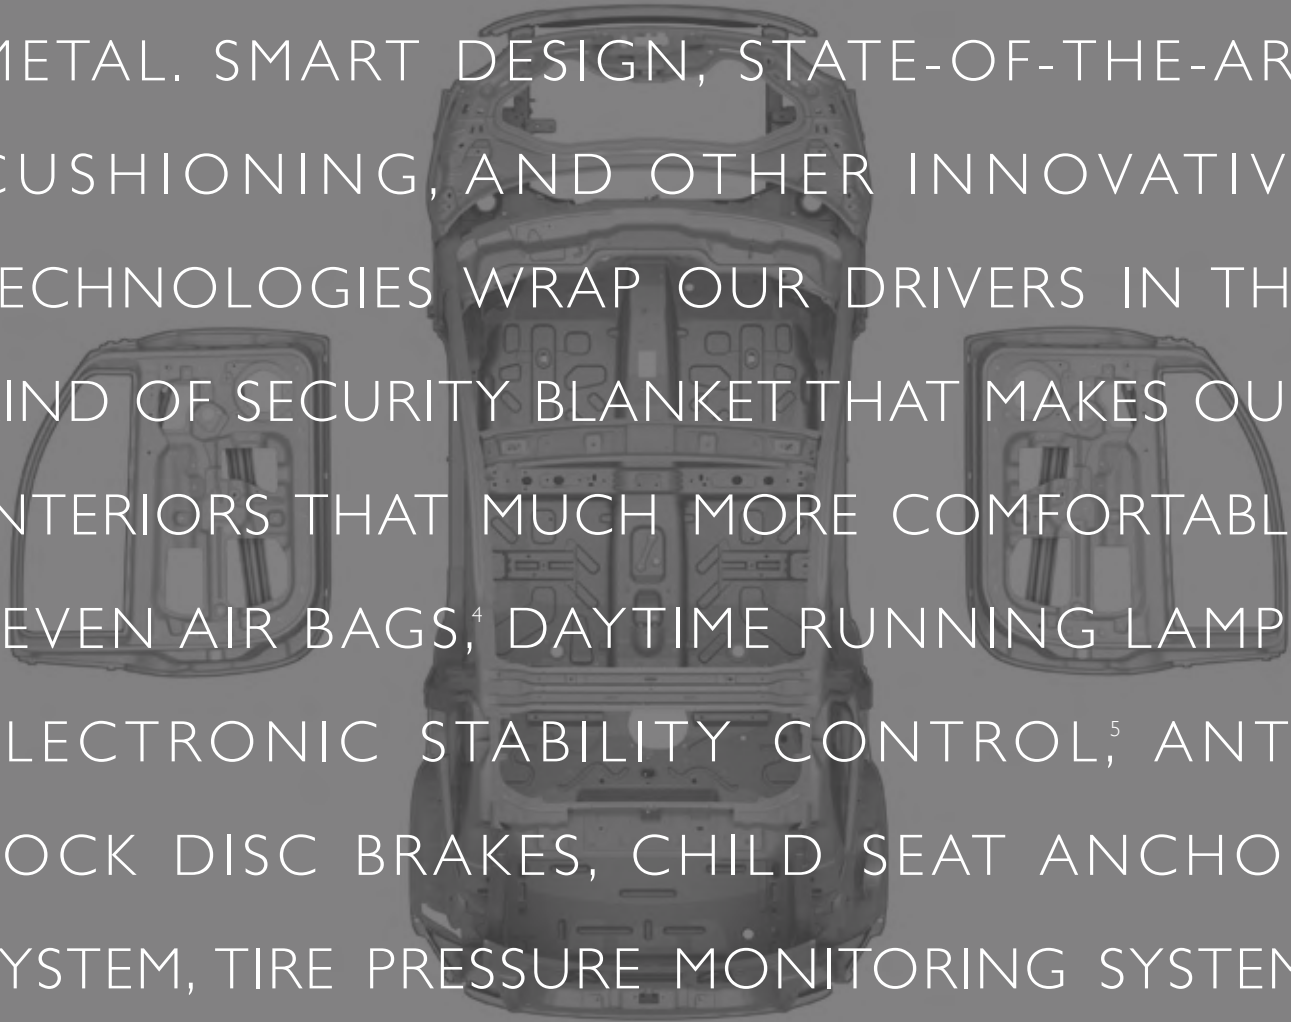

Rear Park Assist³ Available on the FIAT® 500, standard on the 500 Cabrio. The sensors use ultrasonic waves to alert you when you're about to run into trouble, like a curb, a trash can, or another car.

Reverse-Activated Rear Wiper Standard on the FIAT® 500, this rear wiper automatically turns on whenever the front windshield wipers are running and the car is shifted into Reverse. This helps enhance visibility when you're backing up.

FIAT® IS PROUD TO SAY THAT SAFETY DOESN'T HAVE TO MEAN GREATER QUANTITIES OF SHEET METAL. SMART DESIGN, STATE-OF-THE-ART CUSHIONING, AND OTHER INNOVATIVE TECHNOLOGIES WRAP OUR DRIVERS IN THE KIND OF SECURITY BLANKET THAT MAKES OUR INTERIORS THAT MUCH MORE COMFORTABLE. SEVEN AIR BAGS,⁴ DAYTIME RUNNING LAMPS, ELECTRONIC STABILITY CONTROL,⁵ ANTI-LOCK DISC BRAKES, CHILD SEAT ANCHOR SYSTEM, TIRE PRESSURE MONITORING SYSTEM, CRUMPLE ZONES ... THE LIST OF STANDARD SAFETY FEATURES GOES ON AND ON.

SAFETY. primer

FIAT® 500 Sport in Argento

Seven Air Bags⁴ The FIAT® 500 comes with a sophisticated system of seven air bags⁴ to help protect passengers in the event of a collision. In the front seating positions, this includes advanced, multistage front air bags, front-seat side air bags for added thorax and pelvic protection, and a driver's knee blocker air bag. In addition, two side-curtain air bags help provide head protection in side impacts for both front and rear passengers.

Electronic Stability Control (ESC)⁵ When you drive you should, of course, always pay attention. When you drive a FIAT 500, the car also pays attention. ESC⁵ is designed to assist drivers in maintaining control of their vehicles during extreme steering maneuvers. ESC senses when a vehicle is starting to spin or plow and helps to correct the vehicle's course by automatically controlling the throttle and applying the brakes at individual wheels.

AUTHENTIC FIAT® ACCESSORIES

1 16-INCH GLOSS BLACK 5-SPLIT SPOKE WHEEL.

Take it up a notch, an inch at a time. This unique wheel features a 5-split spoke design and Gloss Black finish.

2 CHROME FUEL FILLER DOOR. You'll see it more than you'll use it. This unique, one-piece design replaces the existing fuel door and is easily installed. It's the little things that make a big statement.

3 CHROME MIRROR COVERS. Bring on the earrings. Chrome Mirror Covers are bright additions that are easily installed on the front side of exterior sideview mirrors.

**SEE YOUR FIAT STUDIO FOR THE LATEST
ACCESSORIES AND PARTS AVAILABLE.**

4 BODYSIDE GRAPHICS. Statements made atop a painted canvas. All graphics are made of the highest quality 3M™ material. Available in an arsenal of standout designs.

5 BODYSIDE MOLDINGS. Add a little more definition to a toned body. Moldings add even more personality to FIAT® 500. Painted to match any body color.

6 BODYSIDE MOLDING INSERTS. Bodyside Molding Inserts come in standout colors and stand-apart themes. Shown in Red/White/Green.

7 FENDER BADGES. Show your true colors with an emblem that is the mark of a true enthusiast. Choose from Mopar®, Canadian, Italian, or Mexican themes. American design available soon.

1 CUSTOM DUST COVER.

The garage can be a cruel, cruel place. The FIAT® 500 gets extra coverage with this dust cover featuring a vintage FIAT image. For indoor use only.

2 KICKER® SOUND SYSTEM.

This dog definitely knows how to bark. The KICKER amplifier and subwoofer are specifically designed for FIAT 500. KICKER parts install easily; no cutting or soldering is required.

3 AMBIENT LIGHTING.

You can't control traffic, but you can control the mood inside the cabin. These LED lights mount under the dash to add a perfect amount of accent lighting to both the driver and front-passenger footwells. Eight color settings and low/high lighting intensity let you select one perfect interior ambience.

4 WHEEL POCKET INSERTS.*

These Wheel Pocket Inserts are like trick laces on a new pair of just-released kicks. A set of four high-quality inserts mount securely and fit our 16-inch Painted 5-spoke wheels.* Choose from Chrome, Black, Red, or White.

5 REAR WINDOW-MOUNT SNOWBOARD CARRIER.**

Show your stick some love. This Rear Window-Mount Snowboard Carrier holds up to two snowboards and features integrated locks for easy loading and unloading. Mounts to Removable Rear Window Rack, sold separately.

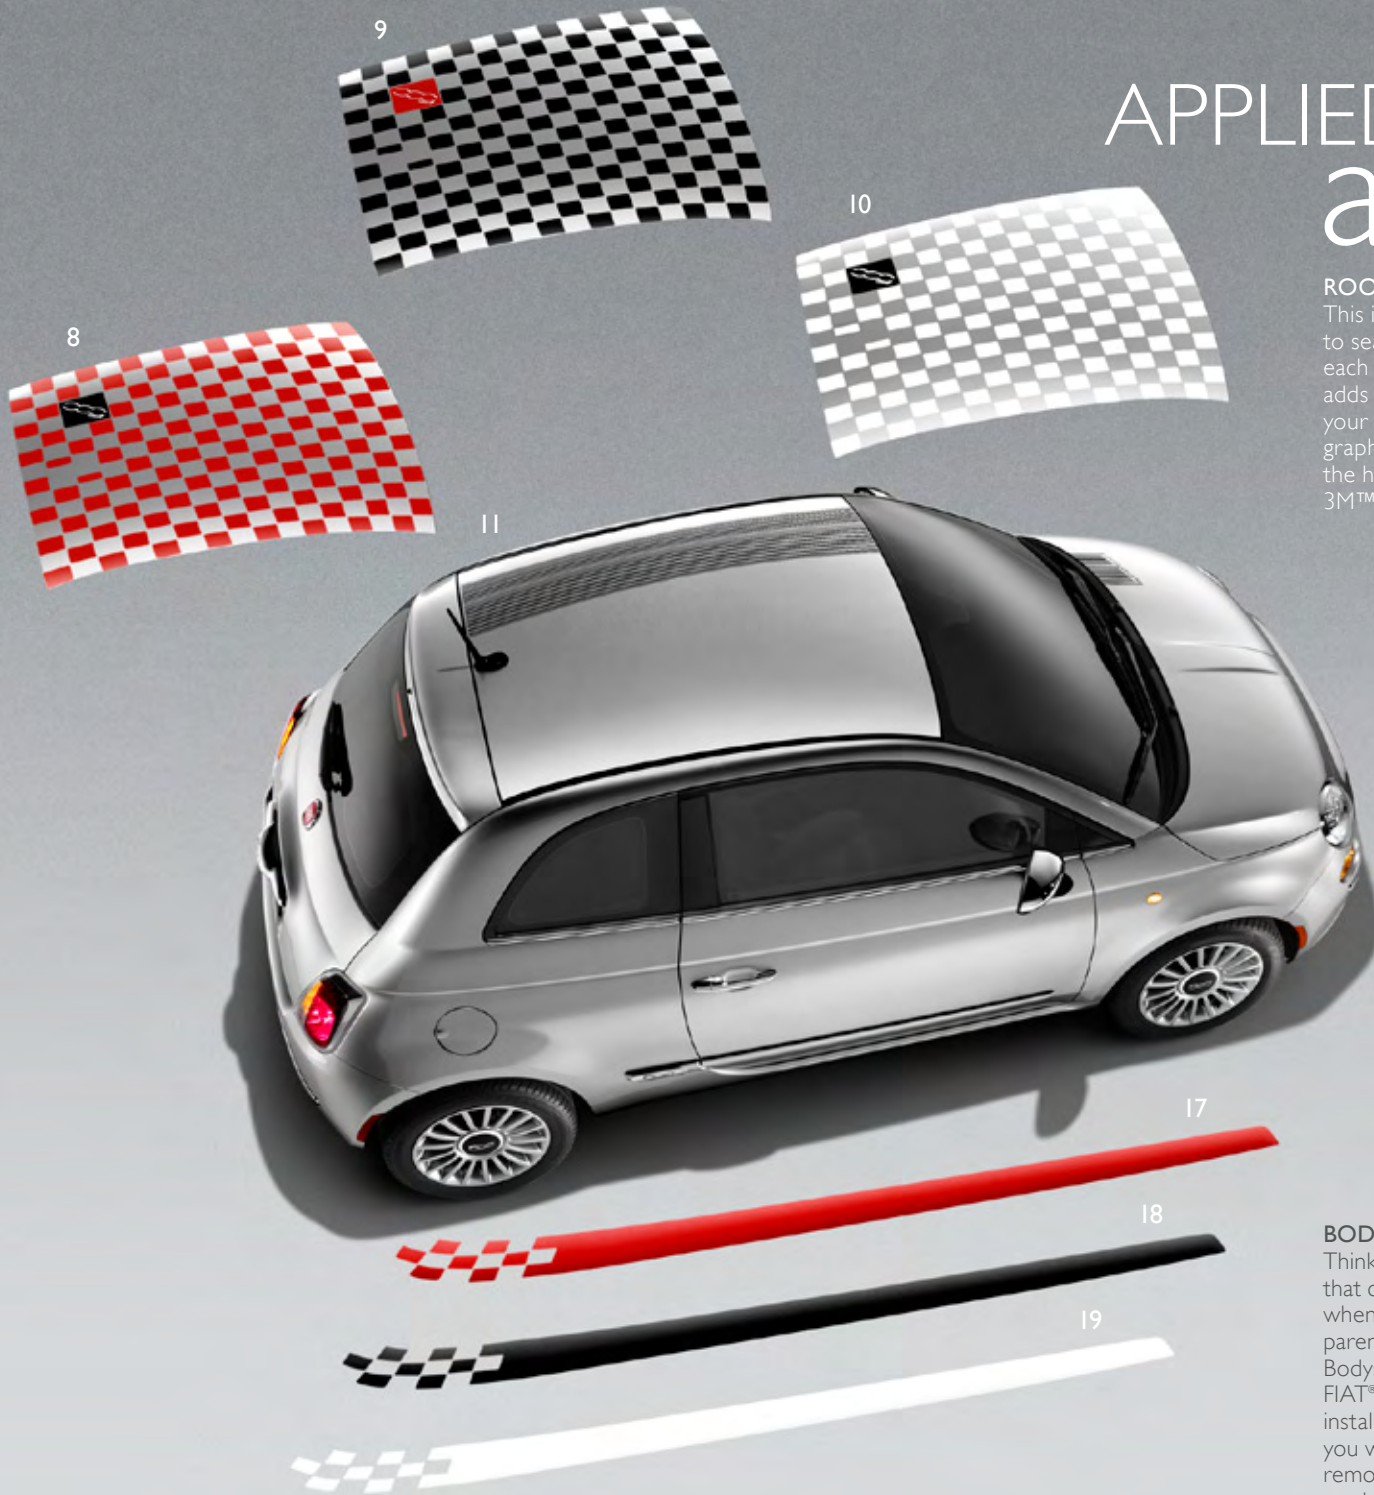

*Late availability.

**Properly secure all cargo.

(1) Always use BLUE&ME® in a safe manner, with eyes on the road and hands on the wheel at all times. (2) Consult local ordinances on affixing TomTom navigation in appropriate location. (3) Always check entire surroundings before backing up. (4) The advanced front air bags in this vehicle are certified to the new U.S. federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. (5) No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice, and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. (6) SiriusXM service requires a subscription, sold separately, after 12-month trial included with vehicle purchase. **If you decide to continue your SiriusXM service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call SiriusXM at 1-866-635-2349 to cancel.** See our Customer Agreement for complete terms at www.siriusxm.com. Programming subject to change. Sirius satellite service is available only to those at least 18 and older in the 48 contiguous USA, D.C., and PR (with coverage limitations). SiriusXM Traffic available in select markets. See siriusxm.com/traffic for more information. Sirius, XM, and all related marks and logos are trademarks of Sirius XM Radio Inc. (7) Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint.
